DRB01500	1-1/2"	12,000	5/8"-11
DRB02000	2"	12,000	5/8"-11

Alpha® introduces Dry Core Bits for stone installers. The new Dry Core Bits come in various sizes: 1/2", 3/4", 1, 1-1/4", 1-3/8", 1-1/2" and 2". Now you can make faucet holes at the jobsite without using water. Alpha® Dry Core Bits fit on a high-speed angle grinder and the technique remains the same. Alpha® makes it easy by eliminating the clean up time needed when using a wet application.
