

Ecogrinder

Virtually Dust-Free!

Grinding Wheel Included

PART NO.	SIZE	MAX RPM	ARBOR
DSQ0500	5"	12,200	26mm
DEC005	5"	12,200	7/8"

The Alpha® Ecogrinder is the ideal high performance grinder with a built-in vacuum system. It is designed for continuous production in fabrication shops as well as job sites. The Alpha® Ecogrinder ensures a virtually dust-free environment without the use of an external vacuum system or expensive dust collector. Its unique slide cover allows the Ecogrinder grinding wheel to grind up to the wall. Opening the slide cover exposes the diamond cutting edge without reducing the vacuum effect. The new Spring Loaded Flange Assembly ensures smooth grinding without any adjustments. When combined with the optional manual height adjustment flange assembly, the Ecogrinder can accommodate any 5" grinding wheel with a 7/8" arbor. Whether you are grinding terrazzo, concrete, or any masonry materials, the Alpha® Ecogrinder is the tool for you!

Specifications:	Equipment Included:
Rating.....110 Volts	• Dust Bag
Amperage.....10.25	• Dust Hose
Power.....1050W	• Dust Gate w/ Anti Back Flow Flap
No-load Speed (min ⁻¹).....8,700 RPM	• Spring Loaded Flange Assembly
